

Llana Kilpatrick

Contemporary Decades

Llana Kilpatrick's vision for her hour long show "CONTEMPORARY DECADES" is to air Quality artists of the past few Decades of primarily the pop, rock, and folk genres (some alternative too) with a strong focus on the lyrics.

Llana uses her choices of artists' lyrics and compositions to share with the listener the various ways we are transformed by life experience. Excellent love songs are occasionally presented, but her main focus has always been on songs about the transformation, personal strength and insight which come from life lived.
