## Undertones

Rattlehead and Gearbox, or as pictured from left to right, Gearbox & Rattlehead, are in reality Simon Teague and Micah Snow. Both are grade 12 students at PCSS right here in Creston. In addition they are fine musicians in their own right, each having played guitars and bass for four years now. They are currently members of the band Ocular Distortion. After high school they both plan to pursue careers in music.

Gearbox was born in 1991 in Mission, BC at the hospital there in order that, as he puts it, he could be close to his mother. He moved to Creston in July 2005.

Micah was born Kalispell, Montana in 1991 and moved to Creston in July 1996.

Rattlehead and Gearbox began their journey into the world of radio early in 2009 with the launch of their show *Undertones*, a program aimed at the youth audience showcasing their favorite music and musicians. Give it a listen Thursdays at 4 PM, Fridays at 10 PM, and Saturday nights at 8. As the boys say...Spin it!!!
